

To connect to the MetFilm School visitors network you need to select the **MetFilm Visitor Wi-Fi** network from your device

You will be taken to the captive portal screen where you will need to provide some basic information (name, mobile number, and email address) to gain access to the network.

You will need to accept the terms and conditions.

You will then be taken to a page summarising the connection details – your account name and password – you can click the Log In button to complete the connection.

The login will be valid for 24 hours.

These details will also be emailed and texted to account and number provided on the registration page.
