

Essential Equipment Guide

To make the most of your studies we advise you start your course with the kit and materials outlined in this document. Please note:

- You will need to replace materials as you use them and should aim to start each academic year with a full kit and set of materials.
- Some optional modules will require additional materials not listed here. Please ask your Course Leader for more details.
- You may need additional materials to complete your assessments. Please ask your course leader for more details.
- It is recommended that you have a personal laptop and external hard drive; if this is not possible, there is access to computers on site during opening hours.
